

Outsourced Contractor Prequalification

- Without a specialist WHS staff member?
- Too busy to review and provide feedback to contracting companies on their OHS/WHS requirements?
- Can't keep up analysing and reviewing the prequalification of contractors, subcontractors and company representatives?

Outsource contractor prequalification compliance

- Select contractors based on **their prequalification status**
- **A full safety** review of contractors by our experts
- Our assessment team takes care of contractor prequalification review
- **A full contracting company risk** assessment on their OHS/WHS and insurance requirements
- Review of contractors safety system to see if it meets safety compliance standards
- Ensure contractor insurances are up to date, **reviewed and validated by our experts**
- Becoming a prequalified contractor and added to our national prequalification database.
Can be used to win more business and promote existing prequalification status!
- Build a database of approved, prequalified companies, **knowing each one was independently** evaluated on their compliance
- **Reduce risk** with our team of experts doing the reviewing
- Reduce cost
- **Speed up prequalification** of contractors
- **We support** your contractors
